Designed IAW TCCC Guidelines

“This nation is peaceful, but fierce when stirred to anger. This conflict was begun on the timing and terms of others; it will end in a way and at an hour of our choosing.”

President George W. Bush,
September 14, 2001
Prayer service at the
Washington National Cathedral

“Only the dead have seen
the end of war!”

Plato

EXTREME MEDICINE™

“Good Medicine in Bad Places™”

PRODUCT INFORMATION SHEET

SOF WARFIGHTER INDIVIDUAL FIRST AID KIT (SOF-W-IFAK)

STATEMENT OF NEED: Combat Casualties are a “Reality of War”. Approximately 15% of all combat casualties that survive initial wounding die before reaching definitive care from causes that are potentially correctable. This percentage can be reduced through dynamic **First Responder Self/Buddy-Aid training** emphasizing TCCC combined with equipping each SOF **WARFIGHTER** with a “comprehensive” **IFAK** for use at the point of wounding.

SUB-COMPONENT LISTING:

- Pouch, SOF Warfighter IFAK, SK-1130-ACU/CB
- Pouch, Warfighter Tourniquet, SK-WT-P
- Panel, Leg, Ambidextrous Medical-Utility, SK-WIFAK-01
- Extreme Medicine™ First Responder-Self/Buddy-Aid Immediate Action Cards, XMS-10
- SOFT-Tourniquet
- Tactical Defender Nitrile Gloves, XL (2 Pr)
- Bandage Shears
- Wipes, Vionex Antimicrobial (2)
- 28 Fr NPA/Lubricant
- Shield, Face, Laerdal
- Gauze, Petrolatum
- Ascherman Chest Seal
- Catheter, 14 ga X 3.25”
- Bandage, Emergency, 6” w/Mobile Pad
- Gauze, Z-Pack
- Cravat, Camovat
- Tape, Surgical, 3”

DIMENSIONS (POUCH ONLY CONFIGURATION)

SIZE: 7.5”Lx6”Wx2”D; WEIGHT (EMPTY): 13 oz WEIGHT (COMBAT PACKED): 2 lb 4 oz

DIMENSIONS (POUCH AND LEG PANEL CONFIGURATION)

SIZE: 12”Lx8”Wx3”D; WEIGHT (EMPTY): 2 lb 1 oz WEIGHT (COMBAT PACKED): 3 lb 8 oz

CONSTRUCTION: Solution Dyed CORDURA® Nylon Fabric-1000d Exterior/500d Interior • Mil-Spec Nylon Webbing • #138 Bonded Polyester Thread • Reduced IR Signature Hardware • Marine Grade Stainless Steel Wire Loops • TAC-FIT™ Positive-Lock/Snag-Resistant MOLLE/PALS • Bar Tack Re-Enforcement

FEATURES: Simplicity of Design • Ultra-Low Profile • Optimal Modularity • Mobility/MOUT Operation Friendly • Immediate Access to SOFT-T/C-A-T • Top Loading-TCCC Organized • Positive Retention • Side-Access Leg Panel Storage • Exceeds Mil-Spec Standards-Bomb-Proof Construction • Fully Assembled/Combat Packed for Immediate Employment • Cost Effective • SKEDCO Guarantee

USE: SOF-W-IFAK is an operationally enhanced IFAK by design, providing maximum flexibility of use through modularity and organization. Rapid reconfiguration of the IFAK supports any mission requirement. In static or quick in/out operations, the Ambidextrous Medical-Utility Leg Panel provides a stable platform along with additional storage; in mounted/dismounted operations, the IFAK and Tourniquet Pouch can be rapidly separated from the leg panel allowing reconfiguration on any MOLLE/PALS load bearing platform. A systems approach to design marries the kit to its big brother, the Break-Away Litter Carrier, a sub-component to the Combat CASEVAC Kit, SOF Mobility currently in use throughout ARSOF.
